About us

We offer a comprehensive spectrum of industrial, buildings, mining and road construction products and services – of top-notch equipment from leading multinational brands to end-to-end after-sales support, including financing, installation, maintenance, and operational consultancy.

We operate under 4 Strategic Business Units (SBUs), and 12 brands. Our solutions are engineered to optimize the operational efficiency and performance of industrial, mining, road construction, and commercial building businesses in Chhattisgarh and MP, currently.

We are authorized dealers and service providers for global brands known for their reliability, operational efficiency, and advanced technology, like Atlas Copco, Manitou, JK Tyres, Epiroc, Puzzolana, Everest, Elecon, DelVal, Grundfos, IPC Tennant, Husqvarna and Ammann.

We also offer comprehensive after-sales support and timely maintenance (ensuring on-time delivery of services). Lease and Rentals. Value-added offerings such as predictive maintenance, efficiency audits and analytics, and technology upgrade consulting.

DEEPSIKHA ENTERPRISES PORTFOLIO

With a legacy spanning over 35 years, Deepsikha Enterprises is a trusted channel partner for world-class equipment solutions across mining, infrastructure, water, energy, and industrial applications. Backed by strong service capabilities and global OEMs, we are committed to delivering operational efficiency, service excellence, and long-term value to businesses across Chhattisgarh and beyond.

Compressor Technology

Serving manufacturing, pharma, textiles, and more, Atlas Copco provides energy-efficient air compressors, dryers, and filtration systems for industrial compressed air needs.

Power Technology

Focused on mining and quarrying, Atlas Copco's portable air compressors, boosters, generators, and lighting towers power drilling and blasting operations reliably in remote terrains.

Partner

Specializing in mining, tunneling, and construction, Epiroc delivers hydraulic breakers, rock drills, and excavator attachments built for precision and power.

GEARING THE FUTURE

Elecon is India's leading provider of gears, couplings, and transmission systems for cement, mining, power, and processing industries, known for precision engineering and heavy-duty performance.

DELVAL

DelVal serves the oil & gas, marine, chemical, water, and power sectors with a wide range of industrial valves, actuators, and automation accessories for precision flow control.

HANDLING YOUR WORLD

Designed for construction, logistics, agriculture, and material handling, Manitou offers telehandlers, backhoe loaders, and aerial platforms built for versatility and rough terrains.

OFF THE ROAD TYRES

JK Tyre's Off-The-Road range supports the construction, mining, and logistics industries, delivering durable tyres for heavy equipment with enhanced grip and load-bearing capacity.

GRUNDFOS

Serving industrial utilities, water treatment, HVAC, and irrigation, Grundfos offers intelligent and energy-saving pump solutions that support sustainability and automation.

PUZZOLANA EXPLORING EXCELLENCE

Puzzolana serves the aggregate, mining, and infrastructure sectors with a full range of crushing, screening, and sand processing equipment made for Indian conditions.

EVEREST An integral Rand Business

Catering to food, pharma, ETP/STP, packaging, and process industries, Everest provides twin lobe blowers and vacuum pumps for critical air and vacuum handling needs.

IPC IT IS HOW YOU DO IT

Trusted by facility managers, municipalities, railways, and manufacturing plants, IPC-Tennant offers scrubbers, sweepers, vacuums, and pressure washers for professional-grade cleaning.

HUSQVARNA

Serving civil, road, and demolition sectors, Husqvarna offers concrete saws, surface grinders, compaction tools, and demolition robots that deliver power with precision.

AMMANN Apollo ELBA ABG

Ammann's APOLLO, ELBA, and ABG brands power road building and concrete infrastructure with asphalt pavers, batch mix plants, compactors, and concrete mixing systems.

Atlas Copco

COMPRESSOR TECHNOLOGY

Atlas Copco delivers energy-efficient air compressors, dryers, and filtration systems for manufacturing, pharma, and general industry, with advanced VSD technology saving up to 60% energy.

Air Compressors

Nitrogen Generators Oxygen Generators

**Air Dryer
(Refrigerant Type)**

**Air Dryer
(Desiccant Type)**

Oil Removal Filters

**Air-Net Pipes
and Fittings**

**Air Receiver
Tank**

EVEREST

An Ingersoll Rand Business

Blowers & Vacuum Pumps

Everest provides twin lobe blowers and vacuum systems for ETP, packaging, pharma, and processing industries, offering quiet, efficient, and maintenance-friendly performance.

Twin lobe rotary blower

Side Channel
Blower

Centrifugal
Blower

Tri-Lobe Vertical
Rotary Blower

Double Reduction Gear
Unit

Worm Gear
Higher series

Elfex Flexible
couplings

Elign Gear
Couplings

Smart Water Pumps

Grundfos offers smart, energy-efficient centrifugal and multistage pumps for water treatment, HVAC, irrigation, and industrial flow applications, with automated control features.

Centrifugal end Suction Pumps

Split Casing Pumps

**Vertical Multistage
Centrifugal Inline Pumps
(CR, CRI, CRN, CRE)**

**Hydro Pneumatic
Pumps**

**Chemical / Digital
Dosing Pumps**

**Submersible
Dewatering Pump**

Flow Control Valves & Automation

DelVal manufactures precision-engineered ball and butterfly valves, actuators, and controls for oil & gas, water, marine, and power sectors, backed by ISO-certified reliability.

Ball Value

Butterfly Valve
(Double Offset)

Pneumatic Rack & Pinion

Electric Actuator

Butterfly Valve (Triple Offset)

Floating Ball Valve

Automation

Atlas Copco

POWER TECHNOLOGY

For mining and remote operations, Atlas Copco provides rugged portable air compressors, generators, boosters, and light towers known for their durability, mobility, and fuel efficiency.

Portable Diesel & Electric Compressor

Waterwell Compressor

Light Towers

Pneumatic Breaker

Jack Hammer

Drill Rod

Mining & Hydraulic Attachments

Epiroc supports mining, tunneling, and demolition with powerful hydraulic breakers, rock drills, and attachments built for performance and precision in the toughest terrains.

**Top-hammer
Crawler Drills**

**Air-rock Crawler
Drills (D35)**

**Semi-hydraulic Crawler
Drills (D35SH)**

Hydraulic Breaker

**Down-the-hole Crawler
Drills (ICM260)**

Hammers

Drill Bits

**Top Hammer Bits
& accessories**

Off-The-Road & Industrial Tyres

JK Tyre's OTR range includes durable front and rear fitment tyres for mining, construction, and earthmoving equipment, built for grip, strength, and longer life.

OTR tyres for the following machines and applications

JK Tyres
OTR Range for:

- Backhoe Loader
- Self-Loading Mixer
- Soil Compactor
- Motor Grader
- Asphalt Paver
- Pneumatic Tyre Roller
- Concrete Pump
- Skid Steer Loader
- Tele Handler
- Pick & Carry Crane
- Truck Crane
- Wheel Loader
- Mining Tipper Truck
- Rigid Dump Truck
- Drill Jumbo
- Underground Mining LHD
- Forklift
- Reach Stacker
- Empty Container Handler
- Rubber Tyred Gantry Crane
- Straddle Carrier

Material Handling & Construction Equipment

Manitou provides telehandlers, backhoe loaders, skid steers, and aerial platforms for construction, agriculture, and logistics, offering versatility and reliability across terrains.

Backhoe Loaders

Skid-Steer Loaders - Customization & Add-ons (attachments) Available

Telehandler

ATTACHMENTS

General Purpose Bucket

Rock Breaker

Pallet Fork

Auger with Mount

Multipurpose Bucket

Sweeper Collector 60"

Surface Prep & Demolition Tools

Husqvarna supports construction and civil works with high-performance cutters, grinders, rollers, and demolition robots, built for precision and heavy-duty use.

Plate Compactor

Pre-cast External Vibrator

K1 PACE Concrete Cutter

Walk Behind Roller

Vibrator Drive Unit

Floor Saw FS400 LV

Walk Behind Screed
BV 30

Walk Behind Screed
BV 20

Crushing & Screening Solutions

Puzzolana serves mining and infrastructure with robust crushers, screens, feeders, and sand solutions, engineered for high capacity and modular processing.

Speed Bharath Primary - PSBJ

Track mounted Mobile crusher

Mobile Screen PTS Series

Jaw Crusher

Cone Crusher

Surface Miner

Feeder Breaker

IPC

BY TENNANT COMPANY

Industrial Cleaning Machines

IPC-Tennant delivers floor scrubbers, sweepers, pressure washers, and vacuums for factories, airports, malls, and railways, designed for eco-efficient, deep-cleaning performance.

Ride-on Scrubber (CT-70)

Single-disc Scrubber (SD17/154)

Auto Scrubbers (CT-50)

Ride-on Sweepers (1500E)

Manual Sweepers (M510C)

**High-pressure Jet
(WC23 & PWC45)**

Ammann's Apollo, Elba, and ABG brands offer advanced pavers, concrete batching plants, compactors, and finishers for road building, metro, and infrastructure projects, blending European engineering with Indian adaptability.

Concrete Batching Plant
